Version 1.0.1

All Product Reviews v1.0.1

https://www.sparsh-technologies.com

Welcome to All Product Reviews Extension for Magento 2 developed by Sparsh.

This extension allows the store admin to show all product reviews on one page using a widget.

## **KEY FEATURES:**

- Show all reviews of all the products of your website on a single page
- Show/Hide total reviews of the ratings
- Limit number of reviews to calculate ratings
- ✤ Show/Hide review title
- Show/Hide review ratings
- Show/Hide review date
- Show/Hide reviewer nickname
- Show/Hide the product image for each review
- Multi store support

#### **1. HOW TO CONFIGURE ALL PRODUCT REVIEWS EXTENSION**

Go to Magento 2 Admin > Login > Stores > Configuration > Sparsh Extensions > All Product Reviews.

> **Display total reviews**: Choose "Yes" to display the total number of reviews of the ratings.

- > **Number of reviews**: Enter the maximum number of reviews to calculate ratings.
- > Show the title of the review: Choose "Yes" to display the title of the review.
- > Show the star ratings for each review: Choose "Yes" to display ratings of the review.
- > Show reviewer nickname: Choose "Yes" to display the reviewer's nickname.
- > Show the date of the review: Choose "Yes" to display the review date.
- > Show the product image: Choose "Yes" to display the product image.
- > **Sort by position**: Choose "Yes" to sort reviews by position attributes.

Sort by position	No		

#### 2. DEFINE POSITION OF REVIEWS

To sort reviews based on position, you first need to set the position of reviews.

Go to Marketing > User Content > All Reviews > Edit (Given Review) > Enter position value.

Note: It will sort the reviews in descending order of position.

	ab, so aversime, creat support I just can't wait for the day that I'm comfortable enough with my midriff to what this same shirt, because the pattern is really cutel	I'm a morn on the go and I love these shoes! They're comfy, cute and easy to slip on. What more could you ask for?	I am in love with these shoes and will buy them until they don't make them anymore. I run every day in them and Pm still on my first pair after a whole year. They're SD comfy.
