

TESTIMONIALS

USER GUIDE

Version 1.0.1

Welcome to Testimonials Extension for Magento 2 developed by Sparsh.

This extension is used to add trustworthy testimonials to your webpage feedback which consists of info about the author and so gain the user's trust and credibility.

Every below steps helps to show testimonials on your site

1. HOW TO ADD NEW TESTIMONIALS FROM ADMIN

Go to [Magento 2 Admin] > Login > Testimonials > Manage Testimonials > Add New Testimonial

The screenshot shows the 'Testimonial' form in the Magento 2 Admin interface. The form includes the following fields and callouts:

- Name:** A text input field containing 'Anonymous'. A callout box points to this field with the text: 'You can manage to publish the testimonial on a defined date from here.'
- Message:** A text area containing 'Because of the work I had posted to your website, I ended up landing my dream job. Thank you so much!!!'. A callout box points to this field with the text: 'You can keep adding testimonials details by marking it as Disabled and once ready, change the status to Enabled. The default value is Enabled.'
- Address:** A text input field containing 'Seattle, Washington'. A callout box points to this field with the text: 'Position/Order to display testimonials on the front. E.g. 0,1,2... It will be displayed in descending order.'
- SortOrder:** A text input field containing '1'. A callout box points to this field with the text: 'Position/Order to display testimonials on the front. E.g. 0,1,2... It will be displayed in descending order.'
- Published Date:** A date picker field showing '07/9/2019'. A callout box points to this field with the text: 'You can manage to publish the testimonial on a defined date from here.'
- Status:** A dropdown menu currently set to 'Enabled'. A callout box points to this field with the text: 'You can keep adding testimonials details by marking it as Disabled and once ready, change the status to Enabled. The default value is Enabled.'
- Show On Home Page:** A checkbox that is checked. A callout box points to this field with the text: 'You can manage to filter and display only premium testimonials on the homepage from here.'

Fill the form details to create a new testimonial:

- **Name:** Name of Client or Customer. Required.
- **Message:** Testimonial Message of Client or Customer. Required.
- **Address:** Address / location of client. Optional.
- **Publish Date:** Publish date of testimonial. Required.
- **Status:** Admin can set testimonial status as enabled or disabled according to requirements. Required is enabled.
- **SortOrder:** Admin can set order of testimonials to be displayed. It will be displayed in descending order. Default is 0.
- **Show on home page:** Admin can set testimonial on home page as yes or no according to requirements. Default is no.

2. MANAGE TESTIMONIALS DETAILS

Go to [Magento 2 Admin] > Login > Testimonials > Manage Testimonials.

You can find all testimonials added from frontend / backend here. Testimonial grid has details like Message, Client Name, Address, Position, Publish Date, Show on Homepage, Status etc... of all testimonials of the website.

✓ Record added successfully.

Name: []

Address: []

Position: []

Status: []

Show On Home: []

You can use different filters for the testimonials. E.g. To find all the enabled/disabled testimonials, testimonials shown on Homepage or testimonials by name, etc...

Cancel Apply Filters

You can make multiple testimonials enable/disable/delete simultaneously by using the Action dropdown at top as shown in below screenshot.

The screenshot shows a management interface for testimonials. At the top, there is a text label "5 records found". Below it is a table with columns for "Name", "Address", and "Position". The first row shows a testimonial by "Anonymous" from "Seattle, Washington" at position "1". The second row shows a testimonial by "Anonymous" from "Ahmedabad, IN" at position "2". To the left of the table, there is an "Actions" dropdown menu with options "Delete", "Disable", and "Enable". A red box highlights the "Actions" dropdown and the first two rows of the table, with a red arrow pointing to the text: "You can make multiple testimonials enable/disable/delete simultaneously from here."

		Name	Address	Position
<input type="checkbox"/>		Anonymous	Seattle, Washington	1
<input type="checkbox"/>	2	Anonymous	Ahmedabad, IN	2

3. HOW TO ADD TESTIMONIAL WIDGET FOR GIVEN CMS PAGE

Go to [Magento 2 Admin] > Login > Content > Elements > Pages > Add / Edit Page

Open "Content" > Click on "Show / Hide Editor" button > Click on "Insert Widget" button

Choose Widget Type as “Testimonials” > Click on “Insert Widget” button

4. STORE FRONT VIEW

Clear cache from System > Tools > Cache Management if required.

Showing your Testimonials like below on storefront.

5. HOW VISITOR CAN ADD NEW TESTIMONIAL FROM STOREFRONT

Click on “**Add New Testimonial**” button from widget or testimonials page as shown in step 4 image.

Fill the form details to create a new testimonial:

- **Name:** Name of Client or Customer. Required.
- **Place:** Address / location of client. Optional.
- **Message:** Testimonial Message of Client or Customer. Required.

LUMA

Search entire store here...

What's New Women Men Gear Training Sale

Home > Testimonials > Add New Testimonial

Add New Testimonial

User too can add a testimonial from the storefront. It needs to be approved/enabled by admin from backend to be published/shown on the front. By default, it will be added with status as disabled.

Name *

Place

Message *

Save Cancel

By default, newly added testimonials are disabled and marked as “no” to show on home page. Admin needs to make it enable to show on storefront.

6. VIEW ALL PUBLISHED TESTIMONIALS ON STOREFRONT

Click on “**View All Testimonials**” button from widget or testimonials page as shown in step 5 image.

What's New Women Men Gear Training Sale

Home > Testimonials

Testimonials

All published and enabled testimonials in the order set from the backend.

Add New Testimonial

Click on Add New Testimonial button from widget or testimonial page.
